A Fine Driveway.
We acknowledge a pleasant call from D. Ward King, of Maitland, the apostle of the King Road Drug, who was here Wednesday of last week, in company with his wife. He informed us that every foot of the road from his home, three miles north of Maitland, to the county seat, was dragged, making a delightful drive; the dragging was done within 24 hours of May 17th.

Been Here a While.
We had a pleasant call, Friday, from R. B. Moody, one of the old timers of Benton township, he having lived in that section for the past 43 years, coming to this county from Illinois in 1871. He was born in Edgar county, Illinois, February 28, 1848, the day and year of the close of the Mexican War. He served in the Union Army, in Company E, 66th Illinois Infantry, and served forty days in prison at Lawton, Georgia. He is married, and his nine children are well scattered over the West, while some are here in the county. Mr. Moody was here on business in our circuit court. Before going back home, he visited with friends in Forest City.

Who Can Beat This Record?
If A. H. Bailey and wife are not proud of the following record, we will always think that they should be, for it is certainly a record to make any parent feel mighty good: They will have three children to graduate in a few days—Lester, who graduated this week from the Oregon High school; Miss Grace, who will graduate soon from Stephens' college, Columbia, this state; Reed, who graduates from the University of Missouri, at the head of his class from the Agricultural Department, and was offered a good position by the faculty of the University to stay there as an instructor. Reed is also class president; at the head of the University State Guards, and was at the fore-front in all of his undertakings at the University. We join with the many friends of all concerned in extending sincere and hearty congratulations.

An Old One.
O. C. Plummer, of Forest City, who has been in these parts nearly half a century, was in town, last week, attending court, and shaking hands with some of the old-timers. He is now 82 years old, and is in reasonably good health.
He was born in Allegheny county, New York, April 17, 1834, and left his native state in 1846, and went to Pennsylvania, and from there he went to Michigan, and married Mary E. Mason, of Cananda, who died, and then he married Ellen Hall in 1893.
He came to Holt county in 1864, where he has continuously resided, and is still living in the same house he built himself in that year. In his earlier days, he was engaged in the saw-milling business at Forest City, and then for years followed a store-keeping, until his advanced years and the infirmities of age put him out of that business, and he is now selling papers.
He has five living children, 25 grandchildren and 17 great-grandchildren. His children are: Mrs. Jack Haley, of Forest City; Fred, of New Mexico; Chas. O., of Beatrice, Neb.; Dick and Mrs. Geo. Williams, of Forest City.

Sheriff Makes Sales.
Sheriff Gelvin, on Wednesday of last week, made three sales under partition decrees, and the sales were very successful, bidding being spirited, and the prices paid were liberal.
The first sale was that of the 400 acres belonging to the several heirs of the John Grythin estate. Grythin died alone on his farm, south of Forbes, and on July 13, 1914, while walking on the railroad track toward Forbes, he was run down by a train and killed. There were a number of witnesses here from Michigan to bid on the lands, but a nephew, one Sharon, living in Forbes township, proved the lucky bidder, taking the 400 acres at \$18,100.
The 100 acres belonging to the Eichen estate, located in the vicinity of Clatsop, was sold at an average of \$100 per acre. William Dunderberg took the 100 acres at \$10,000; Charles Claffney, the east 40 at \$115; and William Tice, the east 20 acres, at \$20.50 per acre.
The lot in Oregon, on Hamilton street, south of the T. C. Frye property, belonging to the Alex. Reed estate was sold to Miss Pansy Partridge for \$525.

In the Lime Light.
We take the following from the Albany, N. Y., Times-Union, in regard to Rev. J. W. Anderson, pastor of the M. E. church, of this city, who has occupied a prominent position in the Methodist General Conference, which will close its session at Saratoga Springs, N. Y., the last of this month:
"Dr. James W. Anderson is a native of Ohio. Went to Missouri when he was 18 years old. He is now in his forty-first year in the Missouri conference. Had the honor of assistant secretary of his conference for seven years. Then he succeeded to the secretaryship and held the position seven years. Was district superintendent of Cameron district for six years. During that time was secretary of the cabinet. He was a delegate in 1912—General Conference and one of the assistant secretaries. He has been offered a splendid position in the University of Cuba, at a salary of \$1,400 as Agricultural Chemist, of that university, but decided not to accept, as he thought it best not to go so far away from home, just at the present, in account of the feeble condition of his grandmother, who raised him from babyhood, and when he thinks as much of as he would of his own mother, if she was living. Asky is to be commended on his decision, and it will not be long, in our opinion, until he secures something as good, if not better, nearer home, for he is qualified and deserving in every way."

The Citizens of Oregon and vicinity having flowers to spare for Decoration Day, May 30, are requested to send the same to the court yard park not later than 9 o'clock that morning.

Graduates With Honors.
Asky, son of Lee Greene, and grandson of A. H. Greene and wife, of this city, graduated, this week, from the State University, in the Agricultural Department of Chemistry, with high honors. He has been offered a splendid position in the University of Cuba, at a salary of \$1,400 as Agricultural Chemist, of that university, but decided not to accept, as he thought it best not to go so far away from home, just at the present, in account of the feeble condition of his grandmother, who raised him from babyhood, and when he thinks as much of as he would of his own mother, if she was living. Asky is to be commended on his decision, and it will not be long, in our opinion, until he secures something as good, if not better, nearer home, for he is qualified and deserving in every way.
